Debate Agent: Hello! I'm ready to engage in a debate. What topic would you like to discuss?

User: what

Debate Agent: To begin, could you please clarify the subject or question you'd like to debate?

User: hii

Debate Agent: Hello! Are you suggesting "hi" as the topic, or are you simply greeting me again? To have a productive debate, we need a specific subject.

User: hii

Debate Agent: It seems we're stuck on greetings. Could we move on to selecting a debate topic so we can have a productive discussion?

User: yes

Debate Agent: Are you agreeing that "hi" is our debate topic? If not, please propose a topic so we can begin.
